Part Number Update

Bulletin No: PNU-119-000A Effective Date: July 30, 2008 (corrected) Cancels: N/A

Subject: **Bendix® CR-30™ Controller Relay Assembly and AT-30™ Traction Relay Assembly Service Parts**

Starting from May 1, 2008, CR-30™ Controller Relay Assemblies and AT-30™ Traction Relay Assemblies will no longer be available as complete assemblies for service replacement. Instead, the replacement Electronic Control Unit (ECU) and valve assemblies will be available as two separate part numbers.

Section A: For Vehicles With Traction Control

The Bendix® AT family of assemblies will now be serviced with EC-30™ ECU's and ATR-1™, ATR-1™ DC or ATR-2™ traction relay valve assemblies. Therefore, if a complete assembly needs to be replaced, the specific EC-30™ controller and ATR-1™, ATR-1™ DC or ATR-2™ traction relay valve must be ordered.

See Top Surface of Electronic Controller for Inscribed Part Number (or, in some cases, a white applied label)

Example: AT-30™ Traction Controller Relay
